Ms. Moran,

I do understand your position in this and look forward to meeting with you. I trust your judgement in the matter, so I agree there will be no recording. We'll take good notes and, hopefully, share them out to one another. Also, I trust the Region will capture the meeting results in some form that will become part of the official record.

Thank you,

Curt Grisham

**Mr. Grisham:**

**The EPA looks forward to meeting with you on September 5, 2013 in our office. We are eager to discuss in a very candid way each of the agenda items that you proposed for this meeting. The EPA is pleased to have ADEQ and EPA Headquarters participate in this meeting, as well.**

**To ensure, however, that the federal participants in Dallas and DC, as well as the state participants discuss each of the agenda issues in a very robust and candid manner, it is preferred that this meeting is not recorded. I recall that this was your request for the meeting at EPA in November 2011, and I recall, as well, that you were informed that a recording of the November 2011 meeting was discouraged.**

**The EPA appreciates your understanding and cooperation involving this matter.**

Thank you,

Hi Curt,

Thanks for sending in the items list for our Sep. 5 meeting. I've distributed it to the Arkwood team and we will have information on each of those items.

You also had a question on whether there will be a record of the meeting and if you can make an electronic recording. I have forwarded your question to the site attorney.

Also, feel free to send any additional agenda items, but please let me know before the end of this month, so that we can research any requested information for a productive meeting. Thanks and I look forward to meeting you on Sep 5.

Thanks,

Hi Steve,

Here's the list of issues I have for the meeting at present. This is just a rough draft...

Thanks,
